### COVER DRAWING

#### *Michigan State Capitol:*

This image, with flags flying to indicate that both chambers of the legislature are in session, may have originated as an etching based on a drawing or a photograph. The artist is unknown. The drawing predates the placement of the statue of Austin T. Blair on the capitol grounds in 1898.

### PAGE GRAPHICS

#### *Capitol Dome:*

The architectural rendering of the Michigan State Capitol's dome is the work of Elijah E. Myers, the building's renowned architect. Myers inked the rendering on linen in late 1871 or early 1872. Myers' fine draftsmanship, the hallmark of his work, is clearly evident.

Because of their size, few architectural renderings of the 19<sup>th</sup> century have survived. Michigan is fortunate that many of Myers' designs for the Capitol were found in the building's attic in the 1950's. As part of the state's 1987 sesquicentennial celebration, they were conserved and deposited in the Michigan State Archives.

(Michigan State Archives)

#### *East Elevation of the Michigan State Capitol:*

When Myers' drawings were discovered in the 1950's, this view of the Capitol – the one most familiar to Michigan citizens – was missing. During the building's recent restoration (1989-1992), this drawing was commissioned to recreate the architect's original rendering of the east (front) elevation.

The *Michigan Administrative Code* (1979 edition), which contains all permanent administrative rules in effect as of December 1979, was, during the period 1980-83, updated each calendar quarter with the publication of a paperback supplement. An annual supplement contained those permanent rules, which had appeared in the 4 quarterly supplements covering that year.

Quarterly supplements to the Code were discontinued in January 1984, and replaced by the monthly publication of permanent rules and emergency rules in the *Michigan Register*. Annual supplements have included the full text of those permanent rules that appear in the twelve monthly issues of the *Register* during a given calendar year. Emergency rules published in an issue of the *Register* are noted in the annual supplement to the Code.

**Notice of Proposed Guidelines**

To: All Domestic Mutual Insurers and all other Interested Persons:

The Office of Insurance and Financial Services (OFIS) in the Department of Labor and Economic Growth (DLEG) is publishing notice of its intent to adopt guidelines. The guidelines to be adopted include two parts. The first part - Background - references the specific, statutory provisions in question and describes the issues connected with the statutory language. The second part – Guidelines - details the six specific guidelines that OFIS will use when interpreting the statutory language in question. The content of the entire guidelines to be adopted follows:

**Guidelines for the Acquisition of Capital Stock upon Conversion  
Of a Domestic Mutual Insurer to a Domestic Stock Insurer**

**BACKGROUND**

Chapter 59 of the Michigan Insurance Code governs the conversion of a domestic mutual insurer to a domestic stock insurer. Questions have arisen with respect to three sections of the Code that govern the acquisition of stock, especially Section 5909 of the Code, MCL 500.5909, which provides:

The plan shall provide that any person or group of persons acting in concert shall not acquire, through public offering or subscription rights, more than 5% of the capital stock of the converted stock company or the stock of another corporation that is participating in the conversion plan, as provided in section 5905(1)(c)(i)(A), (B), or (C), for 5 years from the effective date of the plan, except with the approval of the commissioner. This limitation does not apply to any entity that  
is to purchase 100% of the capital stock of the converted company as part of the plan of conversion approved by the commissioner.

The plan shall provide that no director or officer or person acting in concert with a director or officer of the mutual company shall acquire any capital stock of the converted stock

company or the stock of another corporation that is participating in the conversion plan, as provided in section 5905(1)(c)(i)(A), (B), or (C), for 3 years after the effective date of the plan, except through a broker/dealer, without the permission of the commissioner. This provision does not prohibit the directors and officers from purchasing stock through subscription rights received in the plan pursuant to section 5911(1) or from participating in a tax qualified stock benefit plan pursuant to section 5913.

Stock options for the converted stock insurance company or the stock of another corporation that is participating in the conversion plan, as provided in section 5905(1)(c)(i)(A), (B), or (C), shall not be made available to the directors or officers of the company during the 2-year period following the effective date of the plan if the aggregate stock holdings of directors and officers exceed, or would exceed if the options were exercised, 25% of the total number of shares issued by the converted company if total assets of the company are less than \$50,000,000.00, or 15% of the total number of shares issued for the converted company if total assets are more than \$500,000,000.00. For converted companies with total assets of or between \$50,000,000.00 and \$500,000,000.00, the company size threshold for limiting stock options shall be interpolated.

Some issues involve Section 115(b) of the Code, MCL 500.115(b), in conjunction with Section 1311(1) of the Code, MCL 500.1311(1). Section 115(b) provides:

As used in this act unless the context clearly indicates otherwise

(b) “Control” including the terms “controlling”, “controlled by”, and “under common control with” mean the following:

(i) Except as otherwise provided in subparagraph (ii), the possession or the contingent or noncontingent right to acquire possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting securities, by contract including acquisition of assets or bulk reinsurance, other than a commercial contract for goods or nonmanagement services, by pledge of securities, or otherwise, unless the power is the result of an official position with or corporate office held by the person. Control is presumed to exist if any person, by formal or informal arrangement, device, or understanding, directly or indirectly, owns, controls, holds with the power to vote, or holds proxies representing 10% or more of the voting securities of any other person or for a mutual insurer owns 10% or more of the insurer's surplus through surplus notes, guarantee fund certificates or other evidence of indebtedness issued by the insurer....

Section 1311(1) provides:

A person other than the issuer shall not make a tender offer for or a request or invitation for tenders of, or enter into any agreement to exchange securities for, seek to acquire or acquire, in the open market or otherwise, any voting security of a domestic insurer if, after the consummation thereof, the person directly or indirectly, or by conversion or by exercise of any right to acquire, would be in control of the insurer. A person shall not

enter into an agreement to merge with or otherwise to acquire control of a domestic insurer or any person controlling a domestic insurer unless, at the time an offer, request, or invitation is made or an agreement is entered into, or prior to the acquisition of the securities if no offer or agreement is involved, the person has filed with the commissioner and has sent to the insurer which has sent to its shareholders, a statement containing the information required by this chapter and the offer, request, invitation, agreement, or acquisition has been approved by the commissioner in the manner prescribed in this chapter.

The guidelines below set forth the policy of this agency respecting the acquisition of stock in a converted company. They are grounded in the statutory provisions identified above.

The guidelines take into account that there are limitations on stock acquisitions in connection with a plan of conversion and that there are filing and approval requirements in connection with any acquisition that may lead to a change in control of an insurer. At the same time, they recognize that the limitations and requirements must be applied in careful conformity with parameters contained in the statutory sections.

### **GUIDELINES**

1. **The 5% limitation.** The 5% limitation in Section 5909(1) only applies to an acquisition through a public offering or subscription rights. It does not apply to subsequent acquisitions in the open market.
2. **Approvals under Section 5909(1).** Where a person seeks more than 5% of the stock in connection with a public offering or subscription rights, the Commissioner will ordinarily grant approval under Section 5909(1) if the person will be a passive investor. A person is a passive investor if the person will be purchasing the stock only for investment purposes and not to gain control of the company.
3. **Changed intentions.** If a person has obtained approval under Section 5909(1) and later decides to seek control of the company, no action will be taken under Section 5909(1), but any subsequent acquisition that will result in the person owning 10% or more of the stock will be subject to the filing and approval requirements of Section 1311(1).
4. **Adherence to Business Plan.** After conversion, the governance of a company rests in its Board of Directors, which is elected by the stockholders. Changed circumstances following the conversion may warrant that the company varies from the business plan submitted in connection with the conversion. The Commissioner will not ordinarily scrutinize these variances. However, it is important to emphasize that companies should take great care in the preparation of securities registration materials. A deviation from the original business plan may subject a company to potential civil liability if it disregards prior securities disclosures.
5. **Stock repurchases.** A stock repurchase by a converted company may lead an investor to have a higher percentage of the company's stock than intended. This gives rise to three issues:

Where an acquisition of stock through a public offering or subscription rights was less than 5% but later exceeds 5% due to a repurchase, no approval is required under Section 5909(1).

Where the repurchase will cause a person to change from owning less than 10% of the stock to owning 10% or more of the stock, the person is required to either make a Form A filing required by Section 1311(1) or request an exemption from Form A filing requirements under Section 1317 of the Code, MCL 500.1317. Where the person avers a passive investor status, the Commissioner will ordinarily grant an exemption.

Where the repurchase causes the aggregate stock holdings of directors and officers to exceed the limits set forth in Section 5909(3), stock options shall not be made available to the directors and officers.

**6. Control.** Several large investors that each own under 10% of the stock of a converted company may agree upon a new corporate direction and attempt to persuade management to follow this new direction. They may implicitly or explicitly threaten a proxy fight over the issue. A consensus among major investors may likely be taken into account by management, but this does not equate to the “power to direct or cause the direction” of the management and policies of the company, which is the test under Section 115(b). Their negotiations with management would not subject them to the filing and approval requirements of Section 1311(1).

#### **The time-line for adoption of this guideline**

The OFIS requests that these guidelines be adopted and take effect on April 2, 2007. In conformity with Section 3(6) of the Administrative Procedures Act of 1969, MCL 24.203(6), these guidelines are a statement of policy which the agency intends to follow, which does not have the force or effect of law and which binds the agency but does not bind any other person.

STATE OF MICHIGAN

MIKE COX, ATTORNEY GENERAL

INCOMPATIBILITY: Incompatibility of offices of deputy county  
treasurer and township treasurer

PUBLIC OFFICES & OFFICERS:

The offices of deputy county treasurer and treasurer of a township within the same county are incompatible.

Opinion No. 7198

January 29, 2007

Honorable Kevin A. Elsenheimer  
State Representative  
State Capitol  
Lansing, MI 48909

You have asked whether the offices of deputy county treasurer and treasurer of a township within the same county are incompatible.

The Incompatible Public Offices Act, 1978 PA 566 (Act), MCL 15.181 *et seq*, addresses the simultaneous holding of two or more public offices. Section 2 of the Act, MCL 15.182, prohibits public officers and employees from holding two or more "incompatible offices" at the same time.

The Act defines "incompatible offices" as:

[P]ublic offices held by a public official which, when the official is performing the duties of any of the public offices held by the official, results in any of the following with respect to those offices held:

- (i) The subordination of 1 public office to another.
- (ii) The supervision of 1 public office by another.
- (iii) A breach of duty of public office. [MCL 15.181(b).]

The Act comprehends within its prohibitions not only public officers, but also public employees. *Macomb County Prosecuting Attorney v Murphy*, 464 Mich 149; 627 NW 247 (2001). Each of the positions about which you inquire are public offices, the holders of which are public officers.

The position of county treasurer is an elective county office whose duties and powers are provided by law. Const 1963, art 7, § 4. A county treasurer's statutory duties include receiving and accounting for all county funds. MCL 48.40. Each county treasurer "shall appoint a deputy [county treasurer]," who in case of the absence or disability of the county treasurer, or in cases of a vacancy, performs all of the duties of the county treasurer.<sup>1</sup> MCL 48.37. In exercising deputed powers, the deputy, like the county treasurer, is a county official.

The position of township treasurer is an elective township office whose powers and duties are provided by law. Const 1963, art 7, § 18. These duties include receiving and accounting for all money belonging to the township. MCL 41.76. In addition, the township treasurer is responsible for collecting and accounting for all ad valorem property taxes assessed against taxable property in the township for state, county, township, and other public entities under the General Property Tax Act, 1893 PA 206, MCL 211.1 *et seq.* This act details the respective duties and responsibilities of county and township offices, including their treasurers, with respect to the imposition and collection of ad valorem property taxes for county, state, and township purposes. Your question may be answered by examining provisions of the General Property Tax Act that are material to the interaction of these officers to determine whether one of the offices is subordinate to the other or supervises the other.

<sup>1</sup> In counties having a population in excess of 50,000, deputies may be appointed, each of whom "may perform all the official acts" which county treasurers "might legally" do. MCL 45.41. In counties having a population in excess of 500,000, a chief deputy treasurer may be appointed. MCL 45.51.

The process of assessing, collecting, and enforcing property taxes is an annual one. The township clerk, on or before September 30, delivers to the township supervisor and county clerk a statement of the aggregate amount of all taxes to be raised in the township for township, school, highway, drain, and all other purposes. The statement and supporting papers are submitted by the county clerk to the county board of commissioners. MCL 211.36.

Under section 37 of the General Property Tax Act, the county board of commissioners at its annual meeting held in October: 1) determines the amount of money to be raised for county purposes and apportions that amount among the townships; 2) examines each township's statement and certification of taxes to be raised in the township for township, school, highway, drain, and other purposes and entertains objections and authorizes and requires defects and omissions to be "corrected" or "supplied"; and 3) "direct[s] that the money proposed to be raised for township, school, highway, drain, and all other purposes as authorized by law, shall be spread upon the assessment roll of the proper townships." MCL 211.37. Section 37 further provides:

This action and direction shall be entered in full upon the records of the proceedings of the board, and shall be final as to the levy and assessment of all the taxes, except if there is a change made in the equalization of any county by the state tax commission upon appeal in the manner provided by law. The direction for spread of taxes shall be expressed in terms of millages to be spread against the taxable values of properties and shall not direct the raising of any specific amount of money. [MCL 211.37.]

The clerk of the board of commissioners, immediately after the board's apportionment actions, issues certificates to the county treasurer and to each township's supervisor "showing the millages apportioned to each township for state, county and the various township purposes, each tax being kept distinct." MCL 211.38.

The township assessing officer then completes the assessment roll. The appropriate assessing officer in each local tax collecting unit "shall assess the taxes apportioned to that local tax collecting unit according to the taxable values entered in the assessment roll of that local tax collecting unit for the year." MCL 211.39. Before the supervisor or assessing officer delivers the roll to the township treasurer, "he or she shall carefully foot [total] the several columns of valuation and taxes, and make a detailed statement, which he or she shall give the clerk of his or her township . . . and the clerk shall immediately charge the amount of taxes to the township treasurer." MCL 211.41.

Section 42 of the General Property Tax Act further specifies the duties of the township treasurer. The township supervisor "shall prepare a tax roll, with the taxes levied as provided in this act, and annex to the roll a warrant signed by him or her, commanding the township . . . treasurer" to: 1) collect the several sums mentioned in the last column of the roll; 2) retain the amount receivable by law into the township treasury for the purposes therein specified; 3) pay over as provided in section 43 to the county treasurer the amounts that are collected for state and county purposes; and 4) account in full for all money received on or before the next following March 1. MCL 211.42.

Section 43(2) requires that the township treasurer be properly bonded with sufficient sureties approved by the county treasurer:

The treasurer . . . on or before the third day immediately preceding the day the taxes to be collected become a lien, shall give to the county treasurer a bond running to the county in the actual amount of state, county, and school taxes . . . with sufficient sureties to be approved by the supervisor of the township and the county treasurer, conditioned that he or she will pay over to the county treasurer as required by law all state and county taxes, pay over to the respective school treasurers all school taxes that he or she collects during each year of his or her term of office, and duly and faithfully perform all the other duties of the office of treasurer. [MCL 211.43(2).]

Upon receipt of the tax roll, the township treasurer shall proceed to collect the taxes. MCL

211.44. All taxes are to be collected before the first day of March each year. MCL 211.45.

Section 43 of the General Property Tax Act details the respective duties of county and township treasurers with respect to the collection of taxes paid timely or returned delinquent, and the accounting each local treasurer must make to the county treasurer, among others. Subsection 43(3)(a) and (b) provides:

(a) Within 10 business days after the first and fifteenth day of each month, the township or city treasurer shall account for and deliver to the county treasurer the total amount of state and county tax collections on hand on the first and fifteenth day of each month; to the school district treasurers the total amount of school tax collections on hand on the first and fifteenth day of each month; and to the public transportation authorities the total amount of public transportation authority tax collections on hand the first and fifteenth day of each month. If the intermediate school district and community college district provide for direct payment pursuant to subsection (9), the township or city treasurer shall also account for and deliver to the intermediate school district and the community college district the total respective amounts of school tax collections on hand the first and fifteenth day of each month. This subdivision shall not apply to the month of March.

(b) Within 10 business days after the last day of February, the township or city treasurer shall account for and deliver to the county treasurer at least 90% of the total amount of state and county tax collections on hand on the last day of February; to the school district treasurers at least 90% of the total amount of school tax collections on hand on the last day of February; and to the public transportation authorities at least 90% of the total amount of public transportation authority tax collections on hand on the last day of February. If the intermediate school district and community college district provide for direct payment pursuant to subsection (9), the township or city treasurer shall also account for and deliver to the intermediate school district and community college district at least 90% of the total respective amounts of school tax collections on hand on the last day of February. [MCL 211.43(3)(a) and (b).]

Section 54 of the General Property Tax Act requires township treasurers to pay the county treasurer the state and county taxes collected and account for unpaid taxes:

Within 20 calendar days after the time specified in his warrant, the township treasurer or other collecting officer shall pay to the county treasurer all state and county taxes collected, and within the same time shall make his statement of unpaid taxes upon real and personal property as required in section 55. [MCL 211.54.]

If taxes are not paid by February 15, they are "returned delinquent" from the township to the county. Payment of the "returned" delinquent taxes is, therefore, made to the county treasurer. The county treasurer must assure himself or herself that a township treasurer has properly accounted for all sums collected on property subject to ad valorem taxes and properly reported all property taxes remaining delinquent. MCL 211.55. With respect to the return of delinquent taxes made by the township treasurer to the county treasurer, section 55 provides in part:

The county treasurer shall immediately compare the affidavits of the tax collecting officer with regard to the taxes collected and taxes remaining unpaid with the tax roll.  
[MCL 211.55.]

Only if the returns are correct are the township treasurer and the treasurer's sureties released from their bond. MCL 211.56.

Each treasurer collects taxes on behalf of the county as well as all local taxing units within the township. Under the statutory provisions detailed above, each treasurer has a fiduciary responsibility to each of those taxing units.

The activities and relationships discussed above make the township treasurer subordinate to the county treasurer in collecting county and state taxes; the county treasurer is given specified supervisory responsibilities over the township treasurer's performance of tax collecting duties.

In OAG, 1987-1988, No 6418, p 15 (January 13, 1987), the Attorney General addressed the incompatibility of the offices of county commissioner and city treasurer, under the same provisions of the General Property Tax Act:

It is the responsibility of the city treasurer each year to collect all taxes on real and personal property located in the city which are due to the county. MCL 211.54; MSA 7.98, provides:

"Within 20 calendar days after the time specified in his warrant, the township treasurer or other collecting officer shall pay to the county treasurer all state and county taxes collected, and within the same time shall make his statement of unpaid taxes upon real and personal property as required in section 55."

The city treasurer is required to post a bond satisfactory to the county treasurer. MCL 211.43(2); MSA 7.84(2). If the city treasurer fails to pay to the county all taxes collected which are due to the county, the city may be held liable for the deficiency. *Ottawa County v City of Holland*, 269 Mich 192; 256 NW 851 (1934). The supervisory relationship between the city treasurer and the county treasurer on the annual settlement day is summarized in VerBurg, *Managing the Modern Michigan Township* (MSU, 1981), p 83. While that summary refers only to township treasurers, it is equally applicable to city treasurers in view of MCL 211.87 and 211.107(1); MSA 7.141 and 7.161(1). VerBurg states:

"Settlement day is the time when township treasurers deliver a final report of collections for the season. The day is supposed to occur between March 1 and March 30, although it sometimes extends beyond that date. The process is largely one in which the township and county treasurers determine the balance owed to the county at that time. Generally, this will include the final distribution of regular collections and those received after March 1. The settlement will also involve a review of taxes being returned delinquent. The county treasurer then assumes responsibility for collecting taxes on real property.

"Township treasurers may be somewhat intimidated with the matter of settlement; in effect, it is a kind of review of one's work by an outsider."

Thus, the city treasurer is, in effect, the county's agent in collecting the county's taxes on property located in the city, subject to the supervision of the county through the county treasurer and generally through the county board of commissioners. The overall responsibility of the county board of commissioners as to county business is set forth in MCL 46.11(p); MSA 5.331(p), which empowers the board to represent the county and to have the care and management of the property and business of the county if other provisions are not made. The supervision by the county of the city treasurer's collection activities is necessary to verify that all applicable county taxes are collected by the city treasurer and are transferred to the county.

It is my opinion, therefore, that county supervision of the city treasurer pertaining to the collection of county taxes by the city treasurer necessitates the conclusion that simultaneous holding of the offices of city treasurer and member of the county board of commissioners would be contrary to the prohibition against occupying incompatible offices in MCL 15.182; MSA 15.1120(122).

While the offices of county treasurer and township treasurer are clearly incompatible, the question here is whether that incompatibility extends to the office of deputy county treasurer.

MCL 48.37 requires that each county treasurer shall appoint "a" deputy who, in the absence of the treasurer from the office, is competent to perform all the duties of the office of treasurer. A person unable to perform all the duties of the office due to holding what would be an incompatible office would not be qualified for the appointment.

The collection of taxes assessed under the GPTA is a continuous activity. At all times, the county and township are involved in the collection of both delinquent and non-delinquent taxes. That activity extends beyond the activities discussed above through the ultimate forfeiture and foreclosure of properties for which taxes have not been paid. In most counties, the county treasurer is the foreclosing governmental unit. MCL 211.78. No month goes by that does not call for an accounting between each unit. The deputy county treasurer is required by law to be included in the tax collection process when the county treasurer is not available to perform the duties of the treasurer and, in general, assists the county treasurer in discharging all of the duties of that office. OAG, 1975-1976, No 4971, pp 411, 413 (April 20, 1976), recognized that a deputy county treasurer is subject to the same legislation as is applicable to the county treasurer. Accordingly, the incompatibility of the offices of county treasurer and township treasurer extends as well to the deputy county treasurer as well as to the county treasurer.

It is my opinion, therefore, that the offices of deputy county treasurer and treasurer of a township within the same county are incompatible.
